

St. John Fisher School: Partnering with families to educate and develop the whole child.

St. John Fisher is a Catholic School which strives to enable the child to develop as a whole person: spiritually, morally, academically, socially, physically and culturally.

Its purpose is to provide a quality, student-centered education to the youth of our parish, as well as to others in the community who attend. We foster in our students a sense of responsibility towards our school, parish, civic and world communities in order to prepare them to take a Christ-like role in society.

An enthusiastic parent and parish community supports the mission of St. John Fisher School, as evidenced through countless volunteer hours and personal involvement. This sense of commitment and dedication help to make our school one of the finest in the state.
